

Course Process Outcomes	Suggested ePortfolio Artifacts	Evidence Description
1. Multi-media Interactivity-Level 3	WebQuest	The WebQuest was created using PowerPoint and allowed the user to make decisions as to how to proceed.
2. Authentic Learning-Level 2	Lesson Plan	This lesson plan will be used to teach my current and future sixth-graders what the characteristics of a civilization are.
3. Ethical Responsibility-Level 1	The Perils of Pauline Research Paper	Copyright law was followed and material was properly cited.
4. Design-Level 1	WebQuest	The layout adheres to the rules for page layout.
5. Research-Level 2	Research Paper	Conclusions are based on evidence derived from empirical data from surveys, inventories, or qualitative/quantitative studies in referred journal articles.
6. Collaboration-Level 2	Instructional Method Presentations Peer Reviews	Peer review of the paper shows collaboration at the proper level. All members of the class cooperated and actively participated in the presentations.
